

THE NORTH TEXAS CONFERENCE JOURNAL IS CHANGING

Beginning this year (2009) the *Journal* will be sent to clergy and lay members of the annual conference on a CD. The entire *Journal* will be on the CD with an easy to use search engine. This change in delivery format is a better use of today's technology and will result in a savings of apportionment dollars. It is also good for our environment!

Although you may print all or part of the *Journal* from the CD, if you wish to have a full bound copy of the *2009 North Texas Conference Journal*, it will be available for purchase @ \$25 each to those who pre-order their copies.

If you do not need a printed copy of the entire *Journal* but would like a bound copy of the directory pages, a Conference Personnel Directory (consisting of the clergy directory, the lay member directory, the appointment pages, and the roster of conference agencies) will also be available for purchase @\$5 each to those who pre-order their copies.

Please use the form below to indicate how many books you wish to purchase and calculate the total cost of your order. Payment must accompany the order.
