North Texas Conference

**THE UNITED METHODIST CHURCH ACKNOWLEDGEMENT OF
PROOFREADING AND ASSISTANCE**

The Committee on Preparation and Qualifications wants to emphasize the importance of your written work. This is your opportunity to prepare a carefully articulated expression of your theological and personal understandings of the Christian faith. It is essential that your papers reflect your commitment to clear and accurate written communication. Your attention to a good oral presentation will be demonstrated in your personal interview. Our expectations include an obvious concern that your papers represent your own work. Plagiarism of any degree will not be tolerated. Any use of another person's thoughts or words must be attributed to that source.

When you submit your papers to the Committee, **they must be accompanied by this form**, signifying that you answer this question affirmatively.

Are the papers you are submitting entirely your own work and words, unless otherwise attributed?
